Introduction

HD IPS Android Rear-seat Entertainment System, adopts ARM Cortex-A55 platform, Octa-core 64bit processor, carries Android 13 powerful audio video processing capacity, supports multiple media formats, 1080P and 4K HD video play, Support one way CVBS PAL/NTSC video input, built-in image accelerated processing unit (ARM Mali-400MP2 GPU) and capacitive touch screen, it can perfectly support 3D games, The device also employs MT7632 high-performance WIFI and supports FM and infrared audio transmission. Its external ports of core board include USB, TF and headset. With strong expandability of earphone and ultra-thin design, it is applicable to many fields of automobile system.

Wiring mode

Functional parameters

Parameters(WIFI、Multimedia and Ports,etc.)

| | |
|-------------------------|---|
| Screen Size | 10.1" |
| High definition panel | 10.1" :1024 (W)*(RGB)*600(H) |
| WIFI Data Rate | 802.11 b/g/n |
| Miracast | Connect to mobile phone via wifi |
| Bluetooth transmitter | Support Bluetooth version 4.0 |
| Audio Formats Supported | MPEG/Windows Media/AAC/WAV/OGG/AMR/MIDI etc. |
| Video Formats Supported | MPEG-1/2/MPEG-4/MP4/H.265/RMVB/WMV/VOB/VC-1 etc. |
| Image Formats Supported | JPEG/BMP/PNG/GIF/WEBP |
| USB | Support high-speed USB 2.0 Host |
| TF Card | Support high-speed SDIO 3.0 and the maximum capacity of 128 GB |
| FM Transmitter | Supports stereo audio emission of FM and optional frequency points:88MHz – 108MHz |
| Audio | Supports stereo audio input, earphone output and built-in 2 x 2W @ 8 Ω Speaker |
| Supply Voltage | 12 V |
| Supply current | Max. 800MA |
| Operating temperature | -10°C~55°C |
| Storage temperature | -20°C~65°C |

System Parameters

| | |
|------------------|-------------------------|
| Domain Frequency | 8-Core 64 bit processor |
| Ram | 2GB |
| Rom | 32GB |
| Operating System | Android 13 |

Function Setup

1.Wifi setting: Open Wifi, the system will automatically search for nearby wireless networks, select the wireless network name that you want, enter the password screen, enter the correct password and click connect. As shown below:

2.Video Settings, enter video, open the video player, Customers can set by themself according to icon on the screen,click on the bottom right corner, pop up the display settings as following:

Function Setup

4.Click the application icon in the right corner of the main interface. After clicking, the sub-interface will pop up on the main interface; the sub-interface has speakers, FM

5.The display can set the brightness, ambient light switch, theme & boot screen, sleep, shutdown, interactive screen saver, click to enter the next interface to make the corresponding settings.

Theme & Startup Screen: Click to enter, the sub-interface "Please enter password:" will pop up. Enter the password "PD2016" to set the theme and startup screen. Users can choose according to their own models and needs. The setting steps are as follows:

AV function description

Click the AV icon on the main interface to enter the video input interface; the following picture needs to select HDMI or AV input source; if the correct channel is connected, then HDMI, AV video input; if there is no input source, please prompt: Please access the video signal, the interface is as shown below.

Bracket accessories and installation

Step 1: Please make sure the switch at the position of "unlock"

Step 2: Tight the half-round plastic bracket

Step 3: Please put the U-Plug into the bracket lock

Step 4: Connect the back of unit with the part of bracket, then lock them as a whole with screws.

Step 5: Cover the screws with the cover

Step 6: Insert the whole unit into the bracket of the headrest

Step 7: Please slide the button from unlock to lock

Trouble shooting

| Trouble | Possible causes |
|---|---|
| No sound and image | Power disconnected or the device off |
| Black screen | Undervoltage |
| Abnormal start | 1.Press the power key and then press and hold it for 3s to shut it down 2.Press the reset key to restart the system |
| WIFI can not connected | Refresh the network or close and re-open WIFI |
| Color shift | Wrong function menu setup incorrect model |
| No power | 1.Incorrect voltage: inspect the connection cables 2.Dinsconnection of fuse: replace the fuse specification |
| Failure to read HD/USB/TF/audio/video files | 1.Re-insert the HD/USB/TF into the ports at the side of the device 2.Select options in audio and video player |
| Bluetooth headset without voice | 1.Long press the headset power key until the red and blue lights staggered, loosen the key wait the bluetooth pairing. 2.Make sure the main engine only connect with one bluetooth headset 3.Charging battery for bluetooth headset |

Attention

- 1.Do not put the device in rain or damp environment, to avoid fire hazards and electrical damage.
- 2.Do not repair the device on your own. Please shut down the device and notify us immediately. In case of any problem, the company or the distributor will assign specialized personnel for disassembly and repair.
- 3.Keep the device away from moisture,dust and oil, and do not expose it to direct sunlight.
- 4.Do not wipe the device with diluent or other cleaning agents. Please clean the device with soft cloth soaked with special cleaning agent.
- 5.Please keep the device in appropriate environment(storage temperature:-20°C ~ 80°C and operation temperature: -10°C ~60°C).
- 6.Please ensure the operation of the device Is not affected by other devices.
- 7.For the sake of safety, please do not ture on or operate the device during drive. In some countries and regions, it may be illegal.
- 8.Power supply:DC 12V

Notice:

It may have some small and bright point in the screen, it's a very general phenomenon of technology, it do not shows the device have quality problem.

Disclaimer

- Do not reproduce part or all of contents in the instruction.
- We reserve the right to change the hardware and software specifications mentioned in the instruction at any time without prior notice.
- Figures and legends may not always be the accurate representation of the real object.
- We shall not assume any responsibilities for any consequences arising from using the device
